New board member sworn in

BY THE EXAMINER STAFF

The Logan County Board of Developmental Disabilities welcomed a new board member during their meeting Monday, Oct. 7.

Kelly Paxton was administered the oath of office by Becky Robison. Paxton replaces Lindsay Krieger.

Superintendent Krista Oldiges presented updated policies and a Memorandum of Understanding with the Midwest Regional Educational Service Center for the Early Childhood Education Grant, all of which were approved by the board.

The board also approved the 2025 budget, which will be presented to the commissioners at the end of October for approval.

A report from the state was reviewed on waiver costs. Logan County was the sixth lowest county in the state for Individual Options Waiver costs and the 13th lowest for Level One Waiver costs all while providing the services needed in the county.

Oldiges shared that board will be hav-

ing a Sensory-Friendly Movie at 9:30 a.m. Saturday, Oct. 26, to help celebrate National Disability Employment Awareness Month. The first 150 people will get in free and will receive a free beverage and popcorn.

The superintendent is also working with a parent for a grant to install a communication board near the Fox Island playground.

Ohio Attorney General Dave Yost offered his remarks on a variety of topics, including an upcoming election issue and how the government could provide more stability for its citizens, during the Logan County Chamber of Commerce's annual legislative breakfast Wednesday, Oct. 9.

Yost was introduced as a former newspaper reporter for the *Columbus Citizen Journal* who entered law school at the age of 30. Also a talented musician, fellow presenters also joked with him that perhaps he could provide some entertainment on the piano at Green Hills Community's Foundation Hall.

To conclude his talk, the state official surprised the breakfast attendees by fulfilling that special request with an impromptu musical performance.

Attorney General Yost sat down at the piano and provided a rousing rendition of "God Bless America." Local elected officials, business representatives and other community members in attendance joining him in singing.

During his talk, the state's chief legal officer and former Delaware

County auditor addressed the issue of government uncertainty that he said is being felt by Ohioans and fellow Americans, with public policy and legislation trading back and forth when different political parties have the majority vote or when a new administration takes over.

"Every two years, we're jumping back and forth between two extremes," he said.

Instead, he said more common sense legislation would keep current regulations and permitting processes in place, so that investors actually have a leg to stand on, even when political administrations change hands.

"The government can be either a stabilizing force or a destabilizing force," he said. "The government needs to keep its word; we

Dire warnings to flee as Hurricane Milton begins to lash Florida

TAMPA, Fla. (AP) — Hurricane Milton is hurling tornadoes and rain at the U.S. coast on its steady, potentially catastrophic march toward Florida's west coast. Florida officials on Wednesday issued a final plea to residents to evacuate or face grim odds of survival. The National Hurricane Center stressed that it was not certain where Milton's center would come ashore Wednesday night because the storm's path might "wobble," but the entire Tampa Bay region and points south were at grave risk. Tropical storm-force winds were just off the coast around midday. Milton has fluctuated in intensity as it approaches Florida. It was a Category 3 hurricane at midday Wednesday.

LOGAN COUNTY BOARD OF DD SUPPORTING PEOPLE TO PURSUE THEIR EMPLOYMENT DREAMS:

Stierhoff excels in new position at local restaurant

SUBMITTED BY THE LOGAN COUNTY BOARD OF DD

Celebrated in October, National Disability Employment Awareness Month (NDEAM) serves as a reminder of the ongoing effort to ensure that individuals with disabilities are afforded access to rewarding job opportunities all year round.

This week, the Logan County Board of Developmental Disabilities would like to spotlight Sara Stierhoff, a hard-working and dedicated local employee and volunteer.

Sara lives a full life filled with many responsibilities and experiences. She volunteers for her alma mater, Benjamin Logan Schools, and is an exceptional athlete for the Logan County Braves.

In addition, she is also a hard-working and valued employee for Firehouse Pizza and Subs in Zanesfield.

When the Homecoming Restaurant closed in November of 2023, Sara lost her job. During a family dinner at Firehouse Pizza and Subs, the topic of her upcoming job search came up. Amber Eirich, owner of Firehouse Pizza and Subs, heard them talking and offered Sara a job on the spot.

Amber, who had been an aide in Sara's classroom when she was in school, trained Sara and helped her to become comfortable with different jobs at the restaurant.

Sara has several job responsibilities that include making pizzas, greeting customers, cleaning the tables, filling drinks and helping her co-workers when they need an extra hand.

Because of the specialized training that Sara received for her job, she does not need job follow-along supports. Recently, the LCBDD

sponsored Sara to attend the Synergy Conference in Ohio to promote her determination and devotion to developing her advocacy skills.

Sara said her favorite things about her job include the owner, Amber, her co-workers, all the friendly patrons, the Macaroni and Cheese Pizza, and the fact that she is learning so many different job duties.

"I like working at Firehouse Pizza and Subs, I'm never bored there, and my co-workers are fun. I love it when people come in and say, 'Hi,' to me and know my name," said Stierhoff.

Employers who hire people with developmental disabilities are often amazed by the quality work ethic and loyalty they find in their new hire.

The LCBDD offers support to people at various stages in their career paths. While

Impaired woman charged after falling from moving vehicle

Rachel Garris, 43, of Cable, was arrested for disorderly conduct while intoxicated and open container after she reportedly fell from a moving vehicle about 7:10 p.m. Monday, Oct. 7, on Carter Avenue near Detroit Street.

Officers of the Bellefontaine Police Department report Garris was sitting in the Kia car she fell out when they arrived and they detected a strong odor of alcohol while approaching her.

Witnesses at the scene said Garris "ripped" the keys from the car's ignition before trying to exit the car and that she had consumed about a quarter of a 1.75-liter bottle of vodka recovered from the vehicle. She also reportedly drank another bottle of vodka earlier in the day while at work.

The suspect began experiencing

breathing difficulty and told officers she had a medical condition. She initially did not want to be taken by squad and to Mary Rutan Hospital and struggled with emergency personnel, according to reports.

The suspect was transported to MRH where she became unresponsive and was revived.

She was treated at the hospital and issued a summons before being released.

Man arrested for outstanding warrant

Justin Bates, 35, of Bellefontaine, was arrested on a warrant for failure to appear in Lawrence County about 9 p.m. Monday when an officer of the Bellefontaine Police Department on patrol noticed the Colonial Arms Apartments, 547 E. Columbus Ave., resident in the complex's parking lot.

Business Director Jennifer Frail reviewed the cost report process and the proposed 2025 budget as part of the board member's annual training.

The cost report captures, analyzes and publicizes the expenditures and income of each county board of developmental disabilities annually, which also complies with the federal reporting requirements for Medicaid-funded services.

Frail reviewed the financials for August 2024 noting that property taxes were received.

SSA Director Jason Moyer noted that during DSP Appreciation Week, Direct Support Professionals received some of Hannah's Honey, locally sourced from a business of a person who receives services, as well as an ID badge to help them get into events without being charged while they are providing services.

Moyer has applied for a grant from United Way of Logan County to help support people served by the board.

The Early Intervention Department hosts a Developmental Screening Oct. 17 from 2 to 6 p.m. for children birth through Pre-K at the Discovery Center. It is a free screening for children living in Logan County who are not currently enrolled in EI or on an IEP. Families can call (937) 292-3065 to sign up their child for the screening.

Board meetings are typ-

ically conducted the first Thursday of each month at 5:30 p.m. at 1973 W. State

Route 47, Bellefontaine. The next meeting is 5:30 p.m. Nov. 7.

Donation spreads joy to local boy

Waylon Roberts, pictured with his parents, Will and Andrea Roberts, recently received the gift of an Amtryke thanks to the combined efforts of the Kiwanis, Sons of American Legion, the Moose Lodge, GreeneBucs and the Logan County Board of Developmental Disabilities. An Amtryke is a therapeutic tricycle that is modified to meet the particular needs for children and adults with disabilities. As the child grows, an Amtryke can be modified. This tricycle will help Waylon enjoy spending time with his family. Waylon receives supports from the Logan County Board of DD and also attends the Discovery Center Preschool. The LCBDD extended appreciation to Brad Kunze and Julie Schrader, Kiwanis; Jon Kunze, Bellefontaine Moose; Cory Ames, Sons of The American Legion; and Amy and Sandy Zimmerman, Greenebucs; for their support. some individuals aim to independently secure employment, others seek assistance in both finding and retaining a job. There are also those who may not be ready for employment due to various reasons but are in the process of preparing for it.

Gaining soft and hard employment skills can take time to learn. To assist in learning those skills, LCBDD contracts with agency providers who offer employment services to people with developmental disabilities. Clients of LCBDD can choose from a variety of services at these agencies that best meets their needs.

Individuals collaborate with their SSA to utilize services provided by A Way Out Employment Services, Active Day, Breton Technology and Vocational Support, Capabilities, Downsize Farms, Friends of Leroy Brown and RTC Services in Logan County. These provider agencies have shown employers that employees with developmental disabilities often remain in their jobs longer

than the typical 2.8 years for similar roles throughout Ohio.

Huffman sworn in as mayor of Russells Point

BY NATE SMITH
 EXAMINER STAFF WRITER

A new mayor was sworn in Monday, Oct. 7, during a regular meeting of the Russells Point council.

John Huffman, who had served as council president, was sworn in to replace outgoing Mayor Robin Reames.

Reames, who announced her retirement last month, steps down after 12 years of service. Huffman will complete her term through 2025, and the council will now work to fill Huffman's vacant seat in the coming weeks.

Having served since 2012, Reames is one the longest-serving mayors in the village's history. With Huffman assuming her duties, the council will focus on filling the now-vacant council seat in the coming weeks.

Throughout her time in office, Reames helped lead several significant projects that have improved Russells Point. Among them, the creation of the John and Mary Rudolph Nature Center, a space that has become one of the most popular public

places in the community.

She also helped to oversee the removal of numerous dilapidated structures that were health hazards, improving the safety and appearance of the village.

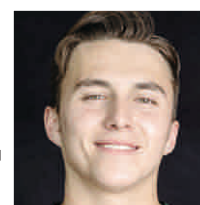

In addition, road resurfacing projects during her time saw nearly 78 percent of the village's streets improved. Reames said the emphasis that the village placed on securing grant funding was critical in achieving many of those projects during 12 years.

Among the biggest achievements during her tenure is ongoing, Reames said. The current \$4.1 million project to replace, repair and install new storm water infrastructure in various areas throughout the village is the largest infrastructure project in the village's history, she said.

She also said that Huffman was capable in leading the village forward and that she is confident he will succeed in helping to keep the village moving forward.

Logan County's legacy of care for children has early roots

Logan County Children's Services is deeply rooted in our community, starting back in the late 1800s. It all began with a local couple, Mr. and Mrs. Joseph Chambers. The Chambers recognized the growing need to care for orphaned and abandoned children in Bellefontaine. When they approached the County Commissioners in 1885 and plead for the establishment of a formal children's home, their personal home had already welcomed 16 children.

Their advocacy was successful, and the commissioners purchased land for the home, which officially opened in 1886 with the capacity to care for 75 children.

Logan County was one of the first counties in Ohio to build such a facility, marking a significant step forward in child welfare in the state. Unfortunately, the group home was destroyed in 1907. The 23 boys and 19 girls all living there at the time were safely relocated.

A new home was designed by Harry A. Fulton and opened in January of 1909, marking a continued legacy of Logan County caring for vulnerable children in our community.

While the children's home faced another fire in 1958, it was restored and remained a cornerstone of the community until it was torn down in 1971 and replaced with the current structure. This speaks to the resilience and commitment Logan County has always had in ensuring the safety and care of its children.

Logan County's early involvement in child welfare mirrored broader states and national movements during the late 19th and early 20th centuries. During this time, the care of orphaned, neglected, and abused children shifted from private charitable organizations to more structured government involvement. By the middle of the 20th century, Ohio passed key laws that established county-based children's services boards and agencies, recognizing the

government's responsibility in protecting children.

In the 1950s, Ohio introduced the Public Children Services Agencies (PCSAs), giving individual counties the authority to handle child welfare issues. This system, which Logan County Children's Services became part of, emphasized the protection of children through investigations, removal from dangerous situations, and providing support to families in crisis.

As we moved into the late 20th century, Logan County Children's Services expanded its role to meet the growing needs of the community. We began providing foster care placements, adoption services, and family reunification programs, working closely with law enforcement, schools, and mental health providers to create a holistic approach to child welfare.

To continue this legacy of care, please vote "Yes" for the Logan County Children's Services renewal levy, which appears on the November ballot. Your vote matters.

Voters urged to look beyond a candidate's personality

I am a 91-year-old farmer's daughter, who was taught to analyze a situation and its proposed remedies and select the one that best fills my needs. I still use that system today.

With reference to the upcoming election, I hear many comments regarding the personalities of our candidates. Be reminded that we are not voting on a personality, but selecting the person, after considerable study, who will best fill the position.

Through the years, many local and state responsibilities have been relinquished to the federal government, so it most important to be careful who we select.

Yes, sometimes I have voted for someone I dislike as a person, but knew that they are capable and most fitting for the position.

Do study and analyze the issues at hand and be sure TO VOTE.

Tamie Wilson vs. Jim Jordan

I voted for Jim Jordan twice. Then I began looking at his voting record and it sure was not doing anything to help me.

First, I found that 97.3 percent of the time he voted on bills that favored the wealthy. Ninety-two percent of the time he voted on bills that would tax the middle class. That's me. Thanks, Jim Jordan.

When the Agriculture Disaster Assistance Act was voted on, he noted "nay." Hey, Jim Jordan, you have a lot of farmers in your district. Why aren't you helping them?

Tamie Wilson says she will fight for a women's freedom to make their own healthcare decisions. Jim voted "nay" on every bill for women's rights.

Tamie Wilson says she will fight for Ohio workers. Jim Jordan noted "nay" on any bill that supported labor rights and wages.

Tamie Wilson says she will fight to improve benefits for veterans. Jim Jordan voted against veterans.

He also voted against countering a Russian interference in our elections and bills that offered consumer protection.

Tamie Wilson, a Second Amendment supporter, said she would introduce common sense legislation to reduce domestic violence, mass shootings and domestic terrorism.

I know what Jim Jordan will do and I am not too happy. I think that it is time to give Tamie Wilson a chance.

ROYAL STARS | FROM KING FEATURES SYNDICATE By Georgia Nicols

Moon Alert: There are no restrictions to shopping or important decisions today. The Moon is in Capricorn.

HAPPY BIRTHDAY for Thursday, Oct. 10, 2024: You are well organized. In fact, you take pleasure in creating order out of chaos, and you like to help others get organized as well. This year is a nine-year cycle for you. Keep your eyes open for new opportunities. Be prepared to take on a leadership role.

The Stars Show the Kind of Day You'll Have: 5-Dynamic; 4-Positive; 3-Average; 2-So-so; 1-Difficult

ARIES (March 21-April 19) ★★★ This is not the day to ask for permission or approval from authority figures, bosses, parents or the police. Their reply will likely be, "Talk to the hand." People are quick to anger today (including you). Tread lightly and work to be part of the solution, not the problem. Tonight: Understanding.

TAURUS (April 20-May 20) ★★★ Steer clear of discussions about controversial topics today. They will quickly become arguments that could turn nasty. This might be about something in the media or universities, politics, religion or racial issues. Whatever the case, everyone is touchy! Tonight: A resolution.

GEMINI (May 21-June 20) ★★ Disputes or squabbles about financial matters might arise today. This could pertain to arguing about the cost of a vacation or a social outing, or it could pertain to costs related to children or even a lover's quarrel about shared expenses. "Don't quibble, Sybil." Tonight: Check your finances.

CANCER (June 21-July 22) ★★ Today fiery Mars is in your sign

opposing the Moon, which is opposite your sign. Meanwhile, issues about home and family are on the table. This is a setting ripe for disputes and arguments. Hey, don't even go there. Keep your head down and your powder dry.

Leo: Life is easier. Tonight: Life is easier. LEO (July 23-Aug. 22) ★★★ People are quick to argue today. You might be one of them (but probably not). In any case, steer clear of something that looks like an argument ready to bubble over into a geyser.

Walk or run the other way. Who needs this? Not you. Better yet, why not be a role model for others? Demonstrate grace under pressure. Tonight: Calm down.

VIRGO (Aug. 23-Sept. 22) ★★★ Be patient when dealing with friends today, as well as talking to your kids. Romantic partners will also have to be patient with each other. Arguments about money, earnings or belongings might become heated. Be smart and make sure you don't say or do anything that you will later regret. Zip thy lip. Tonight: Relax.

LIBRA (Sept. 23-Oct. 22) ★★★ Be patient with family, authority figures and the police, because everyone seems to have a short fuse today, or they seem to take things personally. Some people are irritated, which means they're ready to argue about anything just for the sake of arguing. (Yikes!) Tonight: Cocoon.

SCORPIO (Oct. 23-Nov. 21) ★★★ You are a powerful sign, and you have tremendous self-discipline. However, most of you don't realize that you can also be intimidating to others when you're steamed up about something. Keep this in mind if you find yourself arguing with someone about a personal matter or something in the media. Go gently. Tonight:

SAGITTARIUS (Nov. 22-Dec. 21) ★★★ Avoid money squabbles or arguments about your possessions or who owns what. Ditto for disputes about debt, credit or shared property. People are very touchy about their stuff!

Capricorn: (Dec. 22-Jan. 19) ★★ Pay attention to everything you say and do today to avoid accidents. Of course, an accident doesn't have to happen, but you might be distracted because you're irritated or angry about something. Do what you can to keep the peace, for your own sake. Tonight: It's OK.

AQUARIUS (Jan. 20-Feb. 18) ★★★ Work-related issues or something to do with someone from another culture could irritate you today. If so, you have a choice of how to respond. You can fuel your angry energy, or you can put a lid on it and do what you can to keep things congenial. Tonight: Seek privacy.

PISCES (Feb. 19-March 20) ★★ Lovers' quarrels, problems with kids and disputes about shared property or shared expenses are classic today. However, if you want to be calm and relaxed, you will steer clear of this kind of conflict. Tonight: Consider your own happiness.

FRIDAY NIGHT PREVIEW

Chieftans excited to write their chapter in Bellefontaine-Urbana rivalry

BY MATT HAMMOND
EXAMINER SPORTS EDITOR

It is The Game on the Bellefontaine football schedule.

Regardless of what kind of other implications are on the line, the Urbana contest is one that always elicits an extra buzz.

"You could tell the extra sense of urgency from the time we handed out the scouting reports Saturday morning," said Bellefontaine head coach Jason Brown, who will take his Chiefs down U.S. Route 68 on Friday to battle the Hillclimbers. "We have a great love and respect for this rivalry. We are glad it is back. It was off the schedule for a time, so we are excited it's part of our schedule again. It's an honor to be able to be part of this game and we are excited to write our own chapter in the rivalry."

The Chiefs and Hillclimbers didn't play in 2022, but the rivalry resumed last year when Central Buckeye Conference realignment saw Urbana join Bellefontaine in the Kenton Trail division.

Bellefontaine beat the Hillclimbers 44-14 a year ago.

Both teams are 1-1 in the CBC Kenton Trail entering Friday's matchup.

Under the direction of former Benjamin Logan head coach and Bellefontaine assistant Carleton Cotner, the Hillclimbers are 6-1 overall. Their lone loss was a 21-7 defeat against Jonathan Alder two weeks ago.

The Hillclimbers graduated standout quarterback Will Donahoe (2,244 yards passing yards, 1,108 rushing yards and 39 total TDs last year), but sophomore Grady Lantz has done an impressive job this fall in Donahoe's place.

The six-foot, 165-pound Lantz is 80-of-143 through the air for 1,399 yards and 14 touchdowns against four interceptions. He has rushed for 305 yards and one TD on 57 carries.

"Their new quarterback does a nice job distributing the ball," said Brown. "They do a good job at the line of scrimmage and they have been successful hitting some shot plays down the field."

In addition to losing Donahoe, the Hillclimbers also graduated their top receiver from 2023 in Aiden Bradshaw.

However, junior Colton Teepe has taken over as the top target and is putting up strong numbers. Teepe (6-3, 180) has 34 receptions for 551 yards and five touchdowns.

Senior receiver Bizz Cain has made some big plays for the Hillclimbers as well. He is averaging 20.4 yards per catch with 346 yards on 17 receptions. He has four touchdown grabs.

Junior Austin Hill (6-0, 230) leads the Urbana ground game. He has 449 yards

and 12 touchdowns on 104 carries.

Defensively, senior linebacker Jake Oliver leads the Hillclimbers with six sacks and 60 tackles.

Hill has 40 tackles at another linebacker spot, while junior defensive end Jude Ullom has four sacks and 42 tackles.

"They are physical on defense," said Brown. "They get downhill and run to the ball well."

With three games left in the regular season, Brown likes the direction his team is headed.

"We've grown offensively in regards to the distribution of the football and the confidence in our new players," said the Chieftain head coach. "Defensively, we want to continue to play wolf pack football and understand the importance of everyone doing their job."

Tigers, Indians to tangle in OHC North showdown on Friday

BY MIKE FRANK
EXAMINER SPORTS WRITER

West Liberty-Salem will look to stay in first place in the Ohio Heritage Conference's North division this week as it travels to Mechanicsburg for a Champaign County showdown.

The Tigers (2-0 North, 6-1 overall) have won four in a row including a 43-6 victory over West Jefferson last Friday. WL-S and Fairbanks are currently tied atop the OHC North standings.

Mechanicsburg (1-1 North, 5-2 overall) dropped its opener, then won five in a row before losing a shootout to Fairbanks 48-36 a week ago.

The Indians' Conley Bogard leads the OHC in passing with 1,474 yards (89-of-151, 18 TD, 8 INT). His top targets are Austin Haynes (33-612) and Chris Ritchie (26-460). Haynes averages 18.5 yards per catch and Ritchie is at 17.7.

Mechanicsburg can also run the ball. The Indians have rushed for 1,148 yards and 15 TDs on 208 attempts.

Senior Ronnie Thomas, a standout athlete who was third at 190 pounds in the Division III state wrestling tournament last year, leads the Burg rushing attack with 433 yards and five touchdowns on 59 attempts. Junior Denver Caudill is a threat running the ball, too, with 293 yards and three TDs on 35 attempts.

Nick Shifflet of WL-S is not far behind Bogard, with 78 completions on 117 attempts for 1,119 yards (11 TD, 2 INT). Jack Bahan (33-625) averages 18.9 yards per catch for the Tigers, and Jacob Evans (27-345) has an average gain of 12.8 for the Tigers.

"Mechanicsburg does a great job of putting your defense into conflict with formations," said WL-S head coach Dan McGill. "This allows them to get a lot of blockers at the point of attack in the run game. They also are able to flood your zones from compressed sets and find open receivers." On the other side, "they are always in position and do a great job of taking away what you do best," said McGill of the Indians' defense. "Their defensive line is big and physical, so being able to control the line of scrimmage is paramount."

McGill said he expects a lower scoring affair. "Their offensive plan often shortens the game, and their defense makes your drive the field and doesn't give up many big

plays," he said.

Elsewhere around the area on Friday:

Indian Lake at Shawnee

Indian Lake will look to keep building momentum Friday when it travels to Springfield Shawnee for a Central Buckeye Conference Mad River division football game.

Indian Lake (2-0 Mad River, 5-2 overall) has recorded wins over Graham and Ben Logan, following a defeat by Bellefontaine.

It is the first road contest for the Lakers since Sept. 13.

The Lakers are averaging 152.1 yards rushing per game with 14 touchdowns. Through the air, they average 112.9 yards each time out.

Madden Lilliard has completed 63 of 129 attempts for 790 yards, with nine touchdowns and six interceptions. Quest Clay has 29 catches for 324 yards, and averages 11.2 yards per reception. Brody Reisinger has 18 receptions for 280 yards, and an average gain of 15.6 yards.

On the ground, Drake Cosby has 451 yards on 108 carries, gaining 64.4 yards per game and 4.2 per rush. Clay has 31 carries for 198 yards, and 6.4 per attempt.

For the Braves (0-2 Mad River, 1-6 overall), they average 128.1 yards rushing and 85.4 yards passing.

Bumgardner has run 72 times for 325 yards, getting 65 per game and 4.5 on each rush.

Top receivers are Connor Earles (15-155) and Caden Craig-White (14-145).

Riverside at Miami East

Riverside will look to bounce back this week when it heads to Miami East for a Three Rivers Conference football game.

Riverside (2-2 Three Rivers, 3-4 overall) fell 34-18 to Lehman Catholic last week. The Pirates have alternated wins and losses the last four contests.

They average 121.9 yards rushing per game and 3.9 yards per carry, scoring 10 touchdowns. In the passing attack, they lead the conference with an average of 211.6 yards, and scoring 11 times.

Gavin Orsborne, who sat out last week's game with an injury, is 100-for-170 on the year passing, with an average total of 214.2 yards per game. Receiving leaders are Damien Smith (31-568) and Landon Purtee

(44-470).

The run attack is led by Tony Robinson with 135 carries for 520 yards. He averages 74.3 per game.

Miami East (1-3 TRC, 4-3 overall)'s ground game is averaging 235.2 yards per game and 5.3 per carry.

They have an average of 271.6 yards passing, and have completed 61.1 percent of throws. They have thrown 14 touchdowns and just six interceptions.

KJ Gustin has connected on 99 of 161 throws for 1,358 yards. His average per game is 194 yards. His top targets are Jack Hamaker (22-546), Kaden Francis (30-387), and Lincoln Littlejohn (36-328).

The leading rusher is Aaron Mills with 126 carries for 851 yards (6.8 per rush; 121.6 per game).

Ben Logan at North Union

Ben Logan (0-2 Mad River, 0-7 overall) is still seeking the first win of the season and will travel to North Union on Friday hoping to break in the victory column.

The Raiders have been shut out in their last four games.

They have 749 rushing yards for the season, with an average of 107 per game and 3.4 yards per carry. The top rusher is Jordan Pender with 58 carries for 214 yards, with an average of 30.6 per game. Alex Hassell has 194 yards on 66 carries, averaging 27.7 per game.

In the passing game, they have completed 36-of-105 attempts (34.3 percent), for 456 yards. The averages are 65.1 per game and 4.3 for each completion. Wyatt Predmore is 34-of-96 passing for 417 yards, with one touchdown and four interceptions.

For the receivers, individual leaders are Collin Powell with seven grabs for 120 yards, and an average of 17.1 per game; and Kendall Pliker with eight catches for 89 yards, and 14.8 per game.

Defensively, they have allowed 217 yards per game, with 134 on the ground and 82 through the air. The opponents have scored 254 points, or 36.3 per game.

North Union (1-1 Mad River, 2-5 overall) is coming off a 9-7 loss to Northwestern.

Nick VanHoose leads the NU rushing attack with 101 carries and 439 yards. His averages are 4.3 per carry and 62.7 per game.

Tyler Krebehenn has 341 yards on 82 carries, averaging 4.2 per attempt and 48.7 per game.

OUTLOOK/PICKS

Winston deserves a shot to give Browns a spark

Yes, the offensive line has been really bad. And yes, the receivers haven't been a big help either.

However, Deshaun Watson is not playing anywhere near the level the Browns thought he would when they doled out \$230 million in guaranteed money and dealt three first-round picks to bring Watson to Cleveland three years ago.

Because of a suspension and injuries, he has only played in 17 games in his three seasons with Cleveland. During that time he has thrown 19 touchdown passes and 12 interceptions.

This season, Watson ranks dead last in the NFL in quarterback rating and has just five touchdown passes with three interceptions.

Again, the Browns' offensive struggles are not all on Watson. Injuries have decimated the offensive line, and despite throwing a lot of money at the wide receiver position, the production hasn't been there.

But the offense needs some kind of spark, and Watson clearly isn't providing that at the moment.

What does it hurt to give Jameis Winston a chance?

Winston has a lot of miles on his tires and has not played in more than seven games since the 2019 season. It can't be expected for him to be some kind of immediate savior for the Browns.

At this point, though, the Browns desperately need a lift on offense. Maybe Winston can dial into his pre-2020 self and at least make sound decisions to keep the offense from self destructing like it has been doing.

Browns head coach Kevin Stefanski continues to insist the Browns are not going to change quarterbacks. I understand the hesitancy to make a move.

With all the resources owner Jimmy Haslam and the front office have devoted to Watson, it would be a bad look to have a \$230-million quarterback sitting on the bench.

Haslam and the Browns have to get past that, though. In an effort to get this season turned around, changes need to be made. Allowing a guy like Winston, who has thrown for over 22,000 yards in his career, an opportunity to lead the offense would at least show the team and fans that the coaching and ownership group is attempting to do something to fix the offense.

Now, on to this week's prep football picks:

Bellefontaine over Urbana

Those around the Bellefontaine program were elated when Urbana joined the CBC Kenton Trail division last year, meaning the future of the rivalry would be safe after it has been on and off the schedule.

This game has so much history and memories, and not having it on the schedule is an injustice to the fans and players on both sides.

This year's edition of the rivalry looks to be a great battle as both teams are having strong seasons.

Urbana has only one loss on its record and the Hillclimbers have done an admirable job reloading after suffering some big losses to graduation.

However, Urbana has yet to see an offense like the one that will trot onto its field Friday night.

Tavien St. Clair looked really sharp last Friday against Tecumseh, showing no ill effects of the injury he suffered against Indian Lake two weeks ago. Slowing down St. Clair and Braylon Newcomb is going to be a very difficult task for the Hillclimbers. *Bellefontaine 35, Urbana 20.*

WL-S over Mechanicsburg

The Tigers are peaking at the right time as they head to Mechanicsburg for a huge game in the Ohio Heritage Conference.

Nick Shifflet and the Tigers' offense is rounding into form and the defense has been very stingy over the last four games. Mechanicsburg is a very sound football team, but I like the Tigers' chances of pulling out the victory. *WL-S 24, M'burg 19.*

Indian Lake over Shawnee

The Lakers are coming off a dominant performance over Benjamin Logan and they should be able to do the same against a 1-6 Springfield Shawnee team on Friday.

The Braves have struggled mightily this season and the Lakers will look to keep fine tuning their attack. *Indian Lake 34, Shawnee 13.*

Riverside over Miami East

After losing to Lehman last week, Riverside needs a pick me up. The Pirates are hungry to get back into the win column and they have the opportunity to do that Friday against a Miami East team that has lost three of its last four games after starting the season 3-0.

I expect a gritty effort out of the Pirates this week. *Riverside 27, Miami East 20.*

Lakers edge Warriors, claim CBC boys soccer title

BY MIKE FRANK
 EXAMINER SPORTS WRITER
 sports@examiner.org

It was a narrow margin but also a winning one.

Indian Lake edged Northwestern 1-0 Wednesday night at Laker Stadium to win the Central Buckeye Conference Mad River division title.

The Lakers and Warriors were tied at 5-3-1 coming. Indian Lake finishes the

2024 regular season at 11-4-2 overall, while Northwestern is now 7-7-1.

The league title caps a big recent turnaround in the Laker program. Indian Lake finished last in the Mad River division in 2021 and 2022 before moving up to fourth place last season.

Wednesday's contest was scoreless through the first 40 minutes.

Avery Pequignot, a junior forward, knocked one

home just 22 seconds into the second half, and the Lakers' defense made that stand up.

"This is a great team victory," said Indian Lake head coach Dallas Clary. "Our boys have been locked in all season long. We preach them the core values — the respect, the family, the work and the toughness. And they represented all of that today. They left everything they had on the field and they deserve it."

He added, "They've gone through a lot in their high school careers, these seniors especially. The way that they ended it is just icing on the cake. It was just a great season and we gotta continue on into the tournament."

Indian Lake had a scoring chance in the opening minutes. The first 15 minutes was largely even in terms of possession.

Northwestern got a corner kick with 24 minutes to go, but could not produce a shot. A few minutes later, a free kick by the Warriors' Andrew Taylor was saved by IL keeper Colten Corcoran.

Indian Lake's Calvin Knife took a crossing pass and had a shot with 17:47 to

play, but it was saved by Northwestern.

Chase Schaub had a shot with 16 minutes and another with just under four minutes, but both were saved.

After intermission, Indian Lake quickly sent the ball down the right side. Schaub passed it to Pequignot, who got it past the Warriors' keeper at 39:38.

A few minutes later, Northwestern had a corner kick, with Corcoran diving to make the save.

With 31 minutes to go, Colin Napier of Northwestern had a shot from the right edge of the field, but Corcoran grabbed

it to preserve the lead.

Northwestern then came close again, with a shot going between the soccer and football crossbars and over the top of the net.

The intensity level ticked up as the clock ticked down, but Indian Lake did a good job of preventing sustained pressure by the Warriors. Corcoran made a leaping save with just under six minutes to go. Indian Lake then held on the rest of the way before celebrating with the fans on hand.

"We knew going into this game against Northwestern they were going to be tough. They've been tough

for the past few years now.

They made us pay last year, and this year is our turn," said Clary.

"We had to stay patient and that first half we had to be patient. We had some opportunities in the first half to score. To come out in the second half and put that first goal in was huge for us."

He noted that Indian Lake has allowed just 12 goals in its 17 games this season.

The Lakers will open sectional play next Tuesday against Valley View at home. Action begins at 7 p.m.

Indian Lake grabs CBC win over Northwestern

BY THE EXAMINER STAFF

Indian Lake stayed in a tie for first place in the Central Buckeye Conference Mad River division on Wednesday with a 25-16, 25-21, 25-19 win over Northwestern.

The Lakers are now 8-1 in the CBC, remaining in a tie with Benjamin Logan for first place.

Indian Lake, 18-3 overall, plays at Graham tonight

and a win would guarantee the Lakers at least a share of the league title.

Indian Lake seniors Kenzie Dixon and Halle Roby both had strong nights for the Lakers.

Dixon had 13 kills, eight digs, was 11-12 on serves received and was 14-16 serving, while Roby was 10-11 serving with two aces and four kills and had 10 digs and 23 assists.

Also for the Lakers, Cami

ROUNDUP

Bailey went 15-15 serving with two aces and had eight kills and seven digs.

Addyson Roby was 11-13 serving with three aces and had 11 digs and 10 assists, Riley Ross was 21-22 on serves received and had 18 digs, Annie Rapp had two kills, Alivia Kinney was 8-10 serving with two aces and

had four kills, Courtney Altstaetter had four kills and Addison Beck had eight digs.

The junior varsity Lakers won 25-17, 25-14.

Tigers zap Japs

West Liberty-Salem's volleyball team earned a 22-25, 25-22, 25-14, 25-21 victory over Northeastern in Ohio Heritage Conference action Tuesday.

The Tigers are now 11-9 overall and 10-4 in the OHC.

Naomi Cole tallied 16 kills, nine digs and three aces to help the Tigers to the win.

Picks

North Union over Ben Logan

Ben Logan is in desperate need of some positive momentum.

The Raiders have been shut out four straight weeks and are hoping for a late season turnaround.

The good news is the Raiders' next three opponents are a combined 4-17.

Friday's opponent, North Union, is 2-5 and the Raiders are definitely capable of beating the Wildcats. While I envision the Raiders to be much more competitive this week, North Union gets the edge on its home field. *North Union 20, Ben Logan 14.*

Ridgemont over North Baltimore

Give it to the Gophers. I did not expect them to beat Hardin Northern last Friday, but Ridgemont proved me wrong, beating the Polar Bears 14-7.

Head coach Travis Rettig has done a

tremendous job with this Gopher team. They are 5-2 and sitting in sixth place in the Division VII, Region 28 computer rankings.

Facing a 3-4 North Baltimore team Friday, the Gophers look to add another win to their impressive 2024 campaign. *Ridgemont 27, North Baltimore 7.*

West Jefferson over Triad

The struggles continue for the Cardinals, who have dropped five games in a row.

It has not been a fun season to date for West Jefferson, either, as the Roughriders are 2-5 on the season.

The difference between the two teams, though, is West Jefferson still has talented quarterback Austin Buescher leading the offense.

Buescher doesn't have the supporting cast he did last year, but he is still capable of putting up big numbers and he will provide a major challenge for the Triad secondary this week. *West Jefferson 27, Triad 13.*
